

Money Matters Surgeries

Carers have so many things to think about - why not book an appointment at one of our surgeries and let an advisor help you.

VOCAL is offering appointments with topic specialists on a monthly basis. If you are interested in learning more about any of the topics below please contact VOCAL to arrange an appointment.

Power of Attorney Surgeries

A Power of Attorney is a written authorization to represent or act on another's behalf.

At this surgery people with support needs and their carers can create Power of Attorney documentation replacing the need to visit a solicitor. Power of Attorney is important for all of us but might be particularly useful if someone has a progressive condition.

Legal Surgeries

Many carers are concerned about the future, especially the financial security of a loved one. Working in partnership with a solicitor, VOCAL is offering free 30 minute consultations, for information and advice about key issues such as **Wills, Trusts** and **Guardianship**. These issues are important for everyone, but might be of particular interest for parent carers, and for people caring for someone with confusion or memory problems

Over 60's Benefits Surgeries

Many people over the age of 60 do not receive all the money they are entitled to from the government. This surgery is for carers aged over 60, or supporting someone who is over 60, who want to explore benefit entitlements such as Pension Credit, Attendance Allowance and other entitlements.

Money Matters Surgeries

Visit the Money Matters Surgery for a benefits check to ensure you are receiving everything you and the person you support are entitled to; help with completing forms and 'Better Off' calculations.

Long Term Care Planning Surgeries

Many carers are concerned about paying for care home fees, how much they will have to pay, and what happens to property. A Chartered Financial Advisor can explore options with carers. This surgery would be of most benefit to carers where the move to long term care will take place in the next 6 months.

For more information or to book an
appointment contact Jane Greenacre
on 0131 622 6666
or email: JGreenacre@vocal.org.uk

This project is funded by the Edinburgh Community Health
Partnership from Carer Information Strategy funds
